

Barwood Transportation wins Recognition for Recycling Achievement from Montgomery County Division of Solid Waste Services

Kensington, MD – Barwood Transportation was recognized by Montgomery County’s Division of Solid Waste Services on Thursday, May 22, 2008 for Barwood’s “outstanding recycling efforts during 2007.”

Facility Maintenance Manager, Fred St. Aubin, a five year veteran of Barwood Transportation accepted the award.

Barwood’s commitment to recycling includes company wide recycling of all paper products, periodic recycling reminders to staff and drivers, and a recycle friendly fleet automotive shop. Barwood’s automotive shop ensures all metal, tires and appropriate fluids are recycled. Barwood has also ‘gone green’ by providing our charge account customers with electronic statements and eliminating their paper invoices.

Montgomery County Division of Solid Waste Services recognizes business and individuals, multifamily properties and residents throughout Montgomery County for their outstanding leadership and efforts in recycling, waste reduction, and buying recycled products.

About Barwood Transportation

Barwood, Inc. has a fleet of 455 taxis, including 36 wheelchair accessible vehicles. The company handles more than 1.2 million trips annually. Barwood was recently named one of the Washington area’s best commuter workplaces by the U.S. Environmental Protection Agency for its efforts in helping to “reduce traffic and air pollution in the community.”
